

**Multivo Max™**

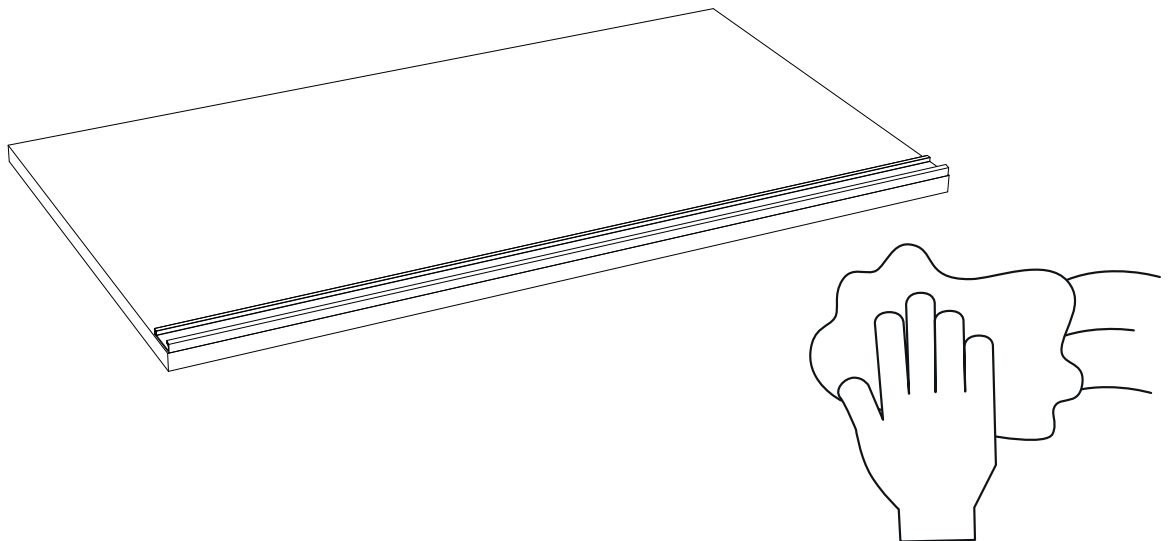

Cleaning instruction

# Multivo Max™ cleaning instruction

**1** Remove trays from shelf

**2** Clean the shelf

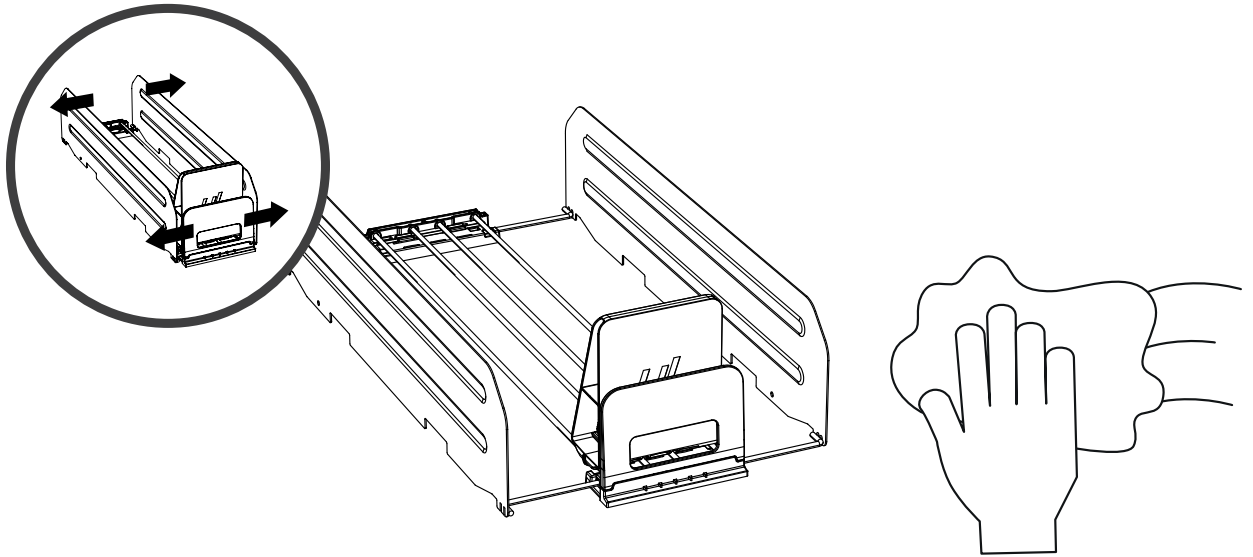

## Important!

Please make sure to use a disinfectant that does not contain alcohol. Alcohol will make plastic components brittle over time and you will also see haziness on transparent parts.

# Multivo Max™ cleaning instruction

- 3** Clean the trays with mild detergent diluted with water

## Important!

Please make sure to use a disinfectant that does not contain alcohol. Alcohol will make plastic components brittle over time and you will also see haziness on transparent parts.
